ACCESSORIES INSTALLATION GUIDE

The UAZ Company offers products above and beyond the base catalogue. Installation of additional accessories may lead to changes in your vehicle's design, which will require a verification of the changes compatibility from the Customs Department, document type TP TC 018/2011, «Motor vehicle safety certificate». The owner accepts all the risks and consequences of technical design changes in the vehicle, including but not limited to passing technical inspection of compatible changes in the design of the vehicle with the Customs Department and obtaining the form TP TC 018/2011, «Motor vehicle safety certificate», as well as the inspection results, safety changes in the vehicle design and vehicle state registration after design changes. For your convenience, products that cause vehicle design changes were marked in the catalogue with an asterisk*.

BENEFITS OF GENUINE ACCESSORIES

Quality, reliability and safety

The quality of automotive parts is critical to the personal safety of the driver and passengers. Genuine accessories from the manufacturer are in full compliance with modern technical requirements, and their durability and reliability have been confirmed by thorough field testing.

UAZ's unique innovations

True professionalism is based on the ability to invent and manufacture unique products. Introducing original ideas that improve on and perfect vehicle design features is an integral part of the work of each UAZ specialist.

Design and functionality

UAZ engineers and designers know that even the most miniscule accessory can provide great opportunities and a high level of functionality. We suggest that you try a combination of rugged upgrades for UAZ off-road vehicles and high-tech options of the future.

THE SPIRIT OF FREEDOM

MVTA (Motor vehicle type approval) Certificate

UAZ Patriot with original accessories has an MVTA certificate. Thus you are free to use your upgraded vehicle with original additional accessories within the territory of Russia.

- A multi-functional vehicle
- A right to sell and register
- A guarantee of operational safety

Warranty obligations

UAZ Patriot genuine accessories are of the highest quality and have proven reliability. It is important for all UAZ upgrades to function flawlessly, so we extend our own guarantee and duly fulfill all service obligations.

Attractive prices

Auto accessories produced by the manufacturer are of the highest level of reliability, guaranteeing both high quality and affordable prices. Why pay more if the optimal choice is original upgrades?

Products marked with an asterisk are certified as modification parts for UAZ vehicles. In case your vehicle is not provided with the accessories marked both with the asterisk* and the label of MVTA certification, it will be necessary to certify any changes in the design of the vehicle.

1 A SET OF UAZ BADGES IN GIFT BOX (2 pcs.)

A limited edition of collectible UAZ vehicle badges is for sale in gift packaging. Inside is also a book «Logos throughout the history of UAZ», inside you will find the entire history of the legendary brand.

000000-4701036-01

The two badges represent the two historical eras of the UAZ brand; they will become a stylish and elegant accessory for the true fans of the brand.

Retro fans may enjoy a unique opportunity to obtain a badge with logo of the first UAZ-450 series. This logo was made using single enamel method. Fans of the brand will truly appreciate the opportunity to add these badges to their collection.

Modern and succinct, the badge is a complete metal replica of the original logo introduced at the company's 75th anniversary. It follows in the footsteps of its predecessors, but it became more dynamic with time. The volume and chrome-plated texture make it expressive and worthy of any owner's lapel.

We are ready to leave our mark on history

OFF-ROAD

Have you been dreaming of a long road trip? The UAZ Patriot is designed for unforgettable journeys! The pleasure of fishing, picnicking or hunting depends on the capabilities of your vehicle. Here you will find everything to help realize your plans and make even a long journey comfortable and enjoyable.

Automotive electric winches, series SuperWinch TS 9 500/LP 8 500/11 500*

This series is the optimal choice for those who need a simple and reliable winch at an affordable price. Winches are ideal for hunting trips, fishing or other outings. The TigerShark series has long been appreciated by US off-road fans: the winch has received multiple different prizes, including Rock Solid.

7

Automotive electric winch, Rysak series*

The 'Rysak' winch series from Avtospas is intended as a means of self-wincing for light off-road vehicles weighing up to 3500 kg. The series provides a winch with a pulling force from 3800 to 5300 kg. The various models were developed to meet the demands of tow trucks and specialized vehicles manufacturers. The reliability of the winch has been proven by many years of use in the harshest conditions.

Winch OCTOPUS-9000 SPORT*

Winch with powerful motor produced by a Russian manufacturer exclusively for UAZ Patriot vehicles with an appreciation for UAZ design features and performance.

316300-4723020-00

(lpe38v, ts 9 500, lp 8 500, hew-8 500)

13 DYNAMIC TOW LINE 6cm X 9m, 8 000

Nylon tow lines with high stretch coefficient allow not only to tow vehicles without sudden jolts, which are inevitable due to cable slack while in tow, but also to pull vehicles out of mud.

000000-4723041-00

15 TREE BARK PROTECTIVE SLING 8cm X 3m, 12 000 kg

Tree bark protective sling aids in the process of pulling vehicles while preserving the tree from harm.

000000-4723042-00

17 4 INCH SNATCH BLOCK

Snatch blocks increase the tow force of the winch up to 8 000 kilograms.

000000-4723009-00

21

23

18 CABLE DAMPENER

In spite of the strength and durability of the tow lines, it is necessary to take precaution. Cable dampeners are a protective cover for the tow line, which should be mounted on the tow line before being attached. In case of snapped tow lines or cables, the cable dampener will absorb the shock and significantly decrease the recoil.

000000-4723010-00 (superwinch)
000000-4723011-00 (t-max)

19 WIRELESS CONTROL

Suitable for any winch with a power supply of 12 V. Operates on the FM radio band.

000000-4723040-00

20 SHACKLE

Used for fast connection or tying off the towing eye for any kind of cables.

000000-4723050-00 (medium 5/8 3.25 tn)
000000-4723051-00 (standard 4.75)

21 POWER EXTENSION

Extensions for moving the control switch remotely for the winch series.

000000-4723046-00
remote control panel connector LP
000000-4723047-00
remote control panel connector X-power
000000-4723048-00
remote control panel connector Avtospas

22 ACCESSORY KIT WITH ELASTIC CABLE 8000 kg

Complete kit of winch accessories includes a pulley, clevises, cable and bag.

000000-4723035-00

23 WINCH CIRCUIT BREAKER SWITCH

Prevents inadvertent starting of the winch.

000000-4723037-00

24 SNORKEL*

The snorkel is an exterior air intake, which will turn your vehicle into a powerful amphibious beast. The housing of the snorkel is made of flexible polyethylene and the fasteners are manufactured from stainless steel.

316300-4737004-00

24

25

25 SIDE RAILS FOR UAZ PATRIOT (2014 AND LATER)

Side rails are used to protect the vehicle from contact with rocky surfaces or trees when driving in rough off-road conditions.

000000-4737031-00

26

26 SAND TRACK 120 CM (ALUMINUM)

Sand tracks are placed beneath the wheels of the vehicle in order to eliminate slipping. Aluminum sand tracks are 4 mm thick, providing rigidity.

000000-4737030-00

27 SUSPENSION LIFT KITS

Lift kits are the perfect upgrade for those who desire to increase the off-road abilities of their vehicle and turn it into a real 4 x 4 vehicle. There is an option to mount bigger wheels for comfort on rough terrain.

Parts:

- shock absorbers;
- rigid springs;
- additional sheets for springs.

316300-4714016-00

Improves geometric stance

Durable under extreme operating conditions

Increases ground clearance by 45 mm

Improves driving performance

27

28

28 ACCESSORY KIT (PULLEY, CLEVISES, CABLE, HOOK, GLOVES)

Complete kit of the necessary accessories for use with a winch.

000000-4723034-00

29

29 T-MAX OFF-ROAD HD JACK 120 CM

Off-road jacks are irreplaceable in off-road conditions: they allow you to lift a vehicle by the bumper, which is convenient if the vehicle is stuck in the mud up to the door edge and it is not possible to set a jack under the axles or chassis. Off-road jacks have a significant load capacity depending on the height.

000000-4723052-00

000000-4723039-00 (plastic pad for jack)

30 MOUNT FOR JACK

Mounts allow to attach the jack in a convenient and easy to reach location, where it is securely protected from theft.

000000-4723017-00

316300-4736033-00 (analogue)

000000-4723018-00 (tube clamp hardware and fittings)

31 WHEEL LIFT KIT FOR OFF-ROAD JACK

These straps allow you to lift the car directly by the wheel, greatly reducing the range of movement of the lifting mechanism, which is necessary for an adequate and safe lifting height for the wheel.

000000-4723053-00

32, 33 HIGH BEAM HEADLIGHTS

Due to their form, high beams emit a powerful beam of light, which illuminate a broad area during long distance travel when there is a lack of natural light.

34-38 DRIVING LIGHTS

LED driving lights form an intense beam of light which allows the driver to better navigate during inclement weather conditions. Water, shock and vibration resistance makes these lights perfect for extreme conditions.

41 WRANGLER AT ADV WITH KEVLAR

Tires with Kevlar demonstrate solid performance on and off road.

- Comfortable and safe driving on city roads and highways;
- Confidence and reliability when driving off road;
- High level of reliability driving in winter;
- The tire is reinforced with a kevlar (Kevlar®) band in coupled with reinforced Durawall side wall which increases tire protection from cuts and punctures.

42-44 WRANGLER HP ALL WEATHER

Smart tires for all wheel drive vehicles, which provide maximum performance.

- Excellent performance all year round;
- Maximum traction on rainy and icy surfaces;
- Resistance to hydroplaning;
- Noise free and comfortable driving.

The image shows the interior of a car from the driver's perspective. The dashboard is dark with a central infotainment screen and air vents. The steering wheel is partially visible on the left. The side window and mirror are on the right. The background outside the car is blurred, suggesting motion. The text 'Power with comfort' is overlaid in large white font on the right side of the image.

Power with comfort

INTERIOR

UAZ has proven that a rugged vehicle made to go off-road can also be truly comfortable. With UAZ genuine accessories you can create your own personalized space, selecting only the customizations that are to your taste, from the upholstery type to the floor mat texture.

1 SEAT COVERS

Eco-leather is a hypoallergenic breathable material that offers all the benefits of genuine leather with none of its drawbacks. Visually, eco-leather is indistinguishable from natural leather. Seat upholstery made from eco-leather is characterized by high wear resistance, can withstand temperature extremes, is pleasant to the touch and contains no harmful chemicals. The covers are made specifically for the contours of the UAZ Patriot seat. The kit includes covers for: 2 front seats (top and bottom) 2 front headrests, separate upper rear seats, 1 rear armrest, separate lower rear seats and 3 rear headrests.

316300-4735002-00

316300-4735004-00 (eco leather, black)
(for Patriot Limited)

1

2

2 CARGO MAT

A durable and lightweight cargo mat protects belongings, tools, and other household items in the trunk. In addition, the mat protects the floor of the car from fluids or wear and tear that may occur during transportation of cargo.

316300-4728002-00

3

3 ALL-WEATHER FLOOR MATS

All-weather floor mats serve several important functions: they protect the interior from dirt and moisture, are easy to clean and also protect the car from rust and decay. Our interior protection was specially designed to minimize mud and water flow along the surface of the mat, thus preventing spillover. Regardless of which muddy path you have walked, the mat depth will be enough to prevent large volumes of liquid from saturating the interior, keeping it dry and clean.

316300-4728006-00

4

4 SET OF INTERIOR MATS

Soft and durable mats for the entire interior fit snugly to the floor and create extra comfort. This set is created to protect your vehicle from dirt and dust.

316300-4728008-00

5 FRONT INTERIOR GRAB HANDLE

Front interior grab handles are designed to serve as an extra support and brace for passengers in the front seat - it helps when entering a high off-road vehicle and while driving on especially rough roads.

316300-4744008-00 (with hardware)

6,7 SHIFT KNOB

It is easy to personalize one of the main controls of the vehicle - you can choose a design from the line of ergonomic shift knobs.

316300-4744000-03 (wood) (2017 and later)

316300-4744000-04 (carbon) (2017 and later)

8 OVERHEAD CONSOLE

Genuine console with two brackets for attachment to the ceiling helps organize the space in the passenger compartment: a document tray, an interior light and an eyeglass case will be useful for any road trip; a convenient location for a radio and 12V socket will also come in handy for extended journeys.

316300-4740000-00

9 WOOD INTERIOR ACCENTS SET

The real wood in the interior, like that of the leather, is a symbol of the high status of the car and its owner. Decorative elements made of natural wood transform the interior of the car, making it cozier and richer. The kit includes: instrument panel inserts, door panels, shift lever handles, leather trim and lacquered inserts of solid wood.

316300-4715016-00

10 CARBON INTERIOR ACCENTS

From sports cars, carbon has moved to off-road vehicles: due to the strength and durability of the material, this interior accent becomes particularly attractive and stylish.

316300-4715017-00

King of the Road

ACCESSORY PACKAGE «GRAND»

Grand package upgrade kit from the tuning shop General Performance was designed specifically for the UAZ Patriot. This offer is aimed at visual modifications of the vehicle and offers aggressive shape for the city. Gain respect of onlookers and radically enhance the appearance of your vehicle utilizing the Grand package upgrade. These accessories are simply created for those who seek more and better, and want to emphasize their status. All parts have been modified for the premium grand tuning kit - front and rear bumper, grille, fender flares have been modified. This masculine "monster" will definitely stand out among other vehicles. It's time to eclipse competitors and demonstrate that UAZ Patriot is the true King of the Road.

1

2

1-3 AERODYNAMIC BODY KIT FOR UAZ GRAND PATRIOT

Engineers have redesigned the basic shapes of UAZ Patriot for the new body kit - wide fender flares, decorative side skirts and complex designed bumper add masculinity to the off-road vehicle and improve its aerodynamic features.

316355-4715000-55 (2017 and later)

Our goal is uncompromised freedom

EXTERIOR

In order to emphasize the concise and aggressive lines of the UAZ Patriot, we employed the classic method: the addition of several external upgrades to make the vehicle a reflection of your lifestyle.

1 HOOD DEFLECTOR

Protective hood deflectors preserve the paintwork, hood and windshield from flying debris such as insects, gravel, sand and dust, which strike the vehicle when bouncing from other automobiles or rough road terrain.

316300-4727005-00

2 WINDOW DEFLECTORS

Window deflectors protect the interior from drafts, noise, rain and road dust. In addition, rain guards enhance exterior appearance. With deflectors, the vehicle's exterior lines become more harmonious.

316300-4727003-00

3 REAR SPOILER

316400-8419010-00

Available in the following colors:

Black metallic

Brown metallic

Brown-gray metallic

Dark green metallic

Dark gray metallic

Silver metallic

White metallic

4,5 RADIATOR RACK

Decorative grille is a stylish accessory designed to make your vehicle stand out among the rest. Dynamic flow of lines and chrome shine from the surface graciously emphasizing the off-road vehicle design.

316300-4736026-00 (rectangular ribs)

316380-2803022-00 (round ribs) (2016 and later)

6 CORNER SPOILER GUARDS

Corner spoiler guards made of stainless steel are mounted to the rear bumper and do not require drilling for installation. This is a small part which both protects the bumper and provides an attractive addition to the car on the road.

316300-4715023-00 (Ø 76)

7 FRONT BUMPER GUARD D76*

The front bumper guard: this is what safety looks like in an urban environment and off-road. The guard bar is made of high quality durable steel and attaches directly to the front bumper.

316300-4715020-00

8 SIDE PROTECTION RUNNERS

Side protection runners are made of high-quality polished stainless steel. They provide reliable protection for the side threshold from stumps, boulders and stones.

316300-4715021-00

Ø 42

7

6

8

9

9 MUD FLAPS

Mud flaps are custom designed for the measurements of your vehicle and are practical and easy to install. They protect the car body from chips and dirt both in urban environments and off-road.

- 316000-8404421-00 (REAR LEFT)
- 316000-8404420-00 (REAR RIGHT)
- 316300-8404321-00 (FRONT LEFT)
- 316300-8404320-00 (FRONT RIGHT)

10

10 BODY MOLDING SET

Decorative moldings set which accentuate the core design of the UAZ Patriot and creates well-designed accents on the visual elements of the car.

- 316300-4744000-01 (chrome door handle moldings) (2017 and later)
- 316300-4744000-02 (chrome door window seal molding) (2017 and later)

11

11 BAGGAGE COMPARTMENT THRESHOLD TRIM SET

The trim protects the threshold from chipping and damage, also it provides additional decoration on the exterior of the vehicle.

316300-4744000-05

12

12 FENDER FLARE EXTENSIONS

Flexible and durable fender flares protect the vehicle from tire debris, also allowing you to install larger diameter wheels.

316300-4714018-10 (for 2017, compatible with single fuel tank version)

A sure way to give the vehicle some additional “muscle” is by installing original alloy wheels designed for the UAZ Patriot. They are perfectly in tune with the overall appearance of the car and optimally match its parameters. Besides their bold appearance, the wheels maintain the vehicle’s reliability after hitting potholes and other road hazards. The alloy wheels create a perfect shape and their lightweight construction helps improve the car’s handling.

ACCESSORIES PACKAGE «DAKAR»

During the toughest race in Dakar in 2015 on the territory of Southern Africa, UAZ PATRIOT successfully ran the entire distance of the rally as an escort vehicle. The Russian PATRIOT demonstrated excellent performance on the tracks of Chile and Argentina.

Driving the vehicle in 49°C temperatures confirmed that the A/C and engine cooling systems function without fail in extreme weather conditions.

The total mileage of the UAZ PATRIOT in Dakar was 14,000 km on absolutely diverse terrain: sands, mountains, desert, and sand dunes. On the way through the Andes the vehicle climbed almost to 5,000 meters above sea level.

Average fuel consumption was around 13 liters/100 kilometers, which quite reasonable taking into consideration the 4 expedition boxes carried on top of the vehicle, off-road tires and extreme driving conditions.

1. **SKID PLATE** 316300-4736027-00
Protects vital parts of the vehicle when traversing over obstacle
2. **TRAILER HITCH** 316300-4723044-00
Designed for hitching a trailer to the vehicle
3. **ALLOY WHEEL R16 DIAMOND** 316300-3101015-72
Compliment the image of the vehicle and provide safety
4. **EXPEDITION ROOF RACK** 316300-4723008-00
Allows you to transport large cargo

We open up a world full of adventures

TRANSPORTATION

Specially designed accessories for transportation eliminate the inconveniences associated with the transport of any cargo: from small luggage to a bike or a boat. You want to bring your pet on a trip and don't want a mess in the interior of the vehicle? We have taken care of it.

1 ACCESS LADDER

The ladder mounts to the rear vehicle door. With convenient adjustability, you can quickly and easily get to the cargo. The high quality coating allows easy use of the ladder, regardless of the temperature and weather conditions.

000000-4723054-00

2 EXPEDITION ROOF RACK*

A rock-solid and ultra-convenient rack is necessary to transport any cargo, such as a tent for a fishing trip or equipment for hunting. Eight mounting legs and durable fasteners provide uniform load distribution and protect the load when driving over rough terrain. There are dedicated positions for attaching additional spotlights, shovel, and rack jack, for which installation requires no additional tools. The rack floor is covered with steel mesh, which will securely contain the load on any road. The roof rack itself is protected by a special shock-resistant powder coating, so the rack will remain resilient under extreme conditions.

316300-4723008-00
316300-4736031-01 (shovel mount)
316300-4736031-01 (spare wheel mount)

3 ROOF RAILS

Will you need to carry a lot of cargo? Roof rails are mounted on the top of the car and are used to secure transport containers and other types of cargo on the roof.

316300-8221111-10 (left)
316300-8221110-10 (right)

4,5 CROSSBARS FOR ROOF RAILS*

Practical aerodynamic anodized crossbars are made of aluminium formed tubing capped with plastic plugs at the ends and fitted with a removable rubber strap at the top which allows to use a T-shaped adapter. Aerodynamic shape similar to an airplane wing reduces air flow resistance. The square crossbars made from high-strength steel have a tough polymer coating and are particularly durable.

316300-4723054-00 (aero)

316300-4723055-00 (square)

6 DOG BARRIER

The dog barrier for the baggage compartment provides extra convenience when transporting pets and keeps the cargo in place.

316300-4723058-00

7 CARGO BOX

This functional and quite spacious cargo box can be fastened to the roof of the vehicle for safe transporting of anything you need on the road.

316300-4723059-00 (opaque)

316300-4723060-00 (glossy)

8 TOW BAR*

The tow bar is designed for coupling the car with a trailer. This product was specifically designed for particular models of UAZ vehicles, taking into account all relevant design features and load capacity.

316300-4723044-00

000000-4723015-00 (protective cap for tow bar)

9 ROOF TOP TENT

Fascinating and adventurous vacations or just a weekend away from routine and stress. Travel freely in your vehicle, enjoy a comfortable vacation in a safe and cozy tent.

000000-4737001-00

000000-4737002-00 (marquise 200x200 cm)

We choose possibilities for the future

MULTIMEDIA

A vehicle is not just a means of transport, but also a channel through which we can experience the world. In the 21st century, a road trip is inconceivable without a convenient multimedia system at your fingertips. Movies, music, internet, video surveillance, navigation – with UAZ, all of this is available anywhere at any time.

1

1 2DIN MULTIMEDIA SYSTEM WITH NAVIGATION

Long off-road trips and urban traffic jams – everything becomes more enjoyable with a multi-functional multimedia system with SD, USB port and 2DIN (with preinstalled Navitel software).

316300-7901040-70 (2016 and later)
316300-7901020-50 (before 2016)

2 2DIN MULTIMEDIA SYSTEM

It is easy to be in the catbird seat: 2DIN radio with integrated USB ports will not let you miss the latest news or get lost along the way.

316300-7901030-80 (2016 and later)
316300-7901020-40 (before 2016)

3 ANTENNA

You need an antenna when you want to hear not only the sound of the engine, but also your favorite radio station. When choosing a passive antenna (e.g., pin), it is recommended that you also purchase a signal amplifier. The antenna is installed on the roof in the rear of the vehicle and can be easily removed when necessary, with the hole being plugged.

316300-7903030-01

4 SPEAKERS

For connoisseurs of sound: speakers for rear doors (left and right) will fill the car interior with your favorite music, creating a pleasant atmosphere on the journey for the driver and passengers.

316300-7909030-00

316300-7909020-10

316300-7909020-20 (HF)

316300-7909021-20 (HF)

5

5 REAR VIEW CAMERA

The camera sends the image from behind the car to a video monitor in the cabin. This is useful for a broad clear view to back up safely in tight urban environments or in areas with obstacles.

316300-3775020-10

6

6 INSTALLED DASH CAM

This type of camera doesn't need to be uninstalled or installed before each trip - it is always in the vehicle and ready to be used. The compact size of the camera does not interfere with the line of sight neither do they attract attention.

316300-4726017-00

316300-4726018-00 (mounting set for installation)

Our passion – No bounds in confident driving

SECURITY

Your vehicle is your second fortress. We have provided all possibilities to deter thieves, denying them any chance of breaking in to your vehicle. During a stop or while on the road, you can always feel safe. What could be more important than that?

1 CHILD CAR SEAT*

FAST car seat is designed for children from 9 to 36 kilograms.

The FAST child car seat comes with standard seat belts with three mounting points and is designed specifically to protect children from injury or death during vehicle collisions or abrupt braking. The FAST child safety seat is securely anchored by standard vehicle seat belts, does not impede their function, can be easily installed and uninstalled.

Advantages of FAST car seat:

- it is light and compact;
- it is easy to use;
- it is safe and reliable, tested;
- it is universal (can be used on the front and back seats of the vehicle).

000000-4740001-00

The FAST child car seat (type 1541.8217010) is manufactured according to the technical regulations of Customs Department TP TC018/2011 "Vehicle safety", approved by the Customs Department Commission decision #877 on 12.09.2011. Certificate granted on the basis of notification of the official approval type # E7 44R-040802 from 08.28.2008, issued by the Hungary Transport Ministry. Certificate of quality management system approval ISO 9001:2008 # 01 100 1321812 issued by TUV Rheinland Cert. GmbH.

000000-4726006-00

12

13

12 FUEL TANK GUARD SHEET

The guard sheet protects fuel tank from external damage. The steel skid plate is 1.5 mm thick and has high impact resistance due to the protective fins on the perimeter.

316300-4736034-00

13 TRANSMISSION/TRANSFER GEARBOX GUARD SHEET

The transmission and transfer gearbox guard sheet protects vital parts of the car.

316300-4736029-00

Critical parts of the vehicle demand solid protection, because collisions with obstacles are part of the very nature of the powerful UAZ Patriot. The transmission, transfer case, steering rods and fuel tank should all be well protected. The protection of steering rods is necessary for their safety and proper operation when encountering rough terrain and obstacles. We offer two types of protection: steel pipe or sheet steel skid plates.

14 STEERING RODS GUARD PIPE

This protects the low-lying chassis from damage caused by collisions with debris on the road. This protection is constructed from steel pipes with a diameter of 42 mm.

316300-4736027-00

15 STEERING RODS GUARD SHEET

The skid plate is made of 3 mm thick sheet steel. Pressed and folded construction provides structural integrity and high impact resistance.

316300-4736018-01

Speaking the same language with nature

«SAFARI» ACCESSORY OPTION

The UAZ SAFARI is a modified model of UAZ PATRIOT which is good to go and ready to take on anything that comes its way!

Whatever your preferences might be, UAZ SAFARI can handle anything from the north winds to the heat of the desert. This option has everything you need to achieve success on any kind of road, anywhere.

The UAZ SAFARI is true to the nature of the brand - passionate for adventure. It is the same powerful vehicle for those who are fond of off-road experience.

It lacks excessive accessories and decor, it's handpicked modifications are well thought through and will be able to pull you through you in extreme situations.

You can rely on it when facing danger far away from home. Wherever the road may lead, whether in deep forest or on narrow serpentine roads in the mountains, even the hot sandy dunes - you can be confident in your vehicle in any kind of situation. When you drive the UAZ SAFARI - you have it under control.

- 1. WINDOW DEFLECTORS KIT** 316300-4727003-00
Protects the interior from dust, water and mud
- 2. RUNNING BOARD PROTECTION** 316300-4715021-00
Protects the bottom of the vehicle from wear and tear
- 3. SKID PLATE** 316300-4736027-00

- 9. R16 DIAMOND ALLOY WHEELS** 316300-4723008-00
Compliments the image of the vehicle and provides safety

A street scene with trees, a building, and a car in the background. The scene is captured in a cinematic style with soft lighting, suggesting late afternoon or early morning. The background shows a multi-story building with a yellow facade and a car parked on the street. In the foreground, there are trees and a paved area with white markings.

UAZ Patriot – an automobile with soul

COMFORT

Little things that don't seem important at first glance can truly make our lives enjoyable. Within the small space of an automobile, we feel this particularly acutely: a warm seat in cold weather and a cigarette lighter close at hand can certainly make your day brighter.

1

1 TIRE COMPRESSOR 7ATM

Every driver has been in a situation when an effective tire compressor becomes a life saver. When on the road you don't always have time to stop by a Tire Center. You can pump up tires fast and easily with a 7 ATM compressor. The compressor plugs into a cigarette lighter and has a 15 A fuse for the vehicle's electronics protection. The bright built-in led light will help you in the most difficult situations on the road during the night hours.

000000-4726001-00

2

2 TIRE COMPRESSOR 10ATM

Compressors in your vehicle can solve a lot of problems not only on the road but when hunting and fishing, at your summer house or on vacation. This compressor has a piston pump which doesn't need oiling, durable stainless steel air valves and a precise two-scale pressure gauge. A special DEFLATOR bleed valve for pressure monitoring makes it functional and easy to use. Compressor capacity: 40 liters per minute.

000000-4726002-00

000000-4726002-01 (SPEC 15)

3 SOUVENIR SET (VICTORY DAY SERIES)

Legendary memorabilia for the legendary vehicle. The VICTORY DAY series is a great memorabilia dedicated to the victory in the Second World War, the set consists of a duffel bag, a raincoat poncho tent, an ax, a cooking pot and a set of silverware.

315100-4731820-00

4

5

4 GAS SHOCKS

Gas shocks make it easy to open the hood and keep it open.

316300-8407108-40

5 UAZ PREMIUM DRIVER EMERGENCY KIT

It consists of the basic vehicle emergency kit FAST, fire extinguisher OP-2(3), collision warning sign, tow cable with 5 ton capacity with hooks, safety vest with reflectors, raincoat poncho, cotton work gloves with PVC.

000000-4724012-00

6

6 AIR HEATER AT 2000ST 12V

It is important to have a warm vehicle interior in winter when you get into the car. An independent air heater pumps warm air into your car interior even before you start the engine.

000000-4731410-00 (gas)

000000-4731410-01 (diesel)

000000-4726033-00 (gas) to warm the engine

000000-4726033-10 (diesel) to warm the engine

000000-4726033-01 (gas) to warm the interior and the engine

000000-4726033-11 (diesel) to warm the interior and the engine

7

7 MULTICONTROL TIMER

This programmable timer is located on the dashboard or console, controlled by a tilt-and-push knob and TFT-LCDs. Compatible with Thermo top evo start (5 KW) / comfort+ (5 KW).

000000-4732008-00

8

8 TELESTART T91 REMOTE CONTROL FOR PARKING HEATER

The remote control helps you manage vehicle parking heater within a radius of 1,000 meters.

000000-4732007-00

ANTI BITUMEN REMOVER TEER-ENTFERNER 0.4 liters – Cleansing solution which effectively removes bitumen mastic stains from the cars, motorcycles, bikes, tools and others, gentle on paint and lacquer.

000000-4734060-00
